# MAVERICK™ SUPREME RESIDENTIAL STEEL

The Maverick Supreme is targeted for residential applications and provides the beauty and security of iron racked panels constructed with a 15 gauge channel, and 5/8 inch steel pickets. Aluminum strips and stainless steel fasteners are used to attach each individual picket to the rail allowing the section to rack to your job specifications. These strips & fasteners provide the strength of a welded product without the rusting that accompanies them. The following styles are available in Maverick Supreme:

**Aberdeen**

**Barcelona**

**Canterbury**

Two or Three Rails

Two or Three Rail  
Spear Top Pickets

Two or Three Rail  
Flat Top Pickets

- Pickets and rails joined with aluminum strips and stainless fasteners
- Pre-galvanized G60 steel
- Cleansed and phosphate coated for added protection
- Zinc rich primer with durable baked on 2.5-3mm black powder coat finish
- Not wet paint coated which can easily scratch
- Fully assembled and ready to install
- Available in black and custom colors
- Larger post sizes available
- Slide gates and custom entry gates available
